2025

I'm looking forward to classic and edgy spring pieces from Schiaparelli and other emerging brands like Tanner Fletcher and Wiederhoeft.

SCHIAPARELLI

Tromple L'Oeil Short Down Jacket

2024

I've added several Schiaparelli pieces to my wardrobe—from the iconic padlock jacket to a velvet evening jumpsuit with a plunging neckline—and my favorite winter purchase is the Schiaparelli Six-Pack Puffer Jacket.

Here's why I love it: At first glance, it's a sleek midnight-navy down puffer, but up close the stitching resembles a sculpted six-pack and rib cage. Buttons at the chest nod to anatomy, the zipper is gilded with lips and a crystal lip ring, and the lining is embroidered with Schiaparelli keyholes. It's a classic piece with edgy surprises.
